

Dear Bobby,

Sorry I was busy in the last few months and could not find time to write you this letter of commendation. But this matter remained in my heart and I told myself I must write you one once I am free to do so because you and your team deserve this.

To begin with, I have always enjoyed a good relationship with you and your team. I know you are someone I could rely on.

Recently, I was very impressed with the efficiency and professionalism of Johnny whom has co-ordinated some works for my home. Again, time after time, Johnny has displayed his capability in giving his best irregardless of the size of this job.

Two months ago, Johnny was also assigned to ensure that our renovation works at my International Plaza's office goes on well. "Awesome" is the word I want to describe about the whole journey with Johnny. He has ensured all works are done to what we want and finished on time without a single hiccup . It's so enjoyable working with him.

In the early part of this year, I have the opportunity to work with Eric and Clement for my Toa Payoh office's upgrading. They are both very helpful and professional. Indeed, I was totally overwhelmed by the delighting service provided by Eric that I felt like a " King" for a moment. His willingness to go the extra mile for us and making sure all jobs are completed on time and well must also be complimented.

God blessed, I have a good friend and contractor like you that I know you would never fail me.

Over the years, I have seen how fast you have grown and I certainly know why. In addition, I have to admit that your good service, professionalism and strength in project management have been well passed down, coached and duplicated in your team. Good master equals to good team. Well done.

Sincerely yours  
David Poh
