Dear Bobby and Esther,

RENOVATION OF NO. 76 HILL CREST ROAD SINGAPORE 768441

Thank you for the wonderful experience in renovating our semi-detached house to our "Nestle of Joy". With your designers conceptualization and your team of workmen tirelessly working on our project and delivering it within 8 weeks is commendable. I like to convey our appreciation to your electrician and your project Supervisor, Mr. Johnny to responding to all our calls to add the final touches and cleaning prior to handover.

I am confident with an attitude of placing the customer's needs first, B&E Concept will certainly make a difference in creating a pleasant experience to anyone who engage their service.

A job well done, keep up the good work!
